Parent Tips

- **Make sure your child has a quiet, well-lit place to do homework.** Avoid having your child do homework with the television on or in places with other distractions, such as people coming and going.
- **Make sure the materials your child needs, such as paper, pencils and a dictionary,** are available. Ask your child if special materials will be needed for some projects and get them in advance.

Be positive about homework. Tell your child how important school is. The attitude you express about homework will be the attitude your child acquires.
